MINUTES OF THE MEETING OF THE EXECUTIVE COUNCIL

Held in the Office of the Vice-President 7:45 P.M. December 3, 1955

While waiting for all members to convene a letter from James McDonald Williams, British Guiana, dated November 28, was read.

Quoting from this letter:

ABG617

"The statement in the letter on page 2, paragraph 6 indicating that Pastor M. J. Bingham is no longer a ressenger of the Lord have done much harm here. Especially amongst the Laodiceans.

"The excommunication of Pastor Bingham is the biggest shock since the death of Pastor Houteff, and it shows great blindness on the part of those responsible, especially in the light of Testimonies for the Church, Vol. 7, pages, 262-263" and then he proceeds to quote from those pages.

He closed his letter with these words: "And so I would like to know if he is no longer a servant of God? because I am ready to finance his mission to the Island of Barbados, a field that has not yet been worked. Awaiting your promot reply."

The reference from Vol. 7 which he quoted was not quoted in full for it was read to the Council from the book, too. This shows a deliberate attempt to juggle the words around so that it will be saying something which the reference does not say, let alone teach. There was a sentence in the first part of the letter which is perhaps significant: "Incidentally he (M. J. Bingham) is at the moment here carrying out a series of meetings in places unworked."

The meeting was called to order and A. Quackenbush prayed for the success of the meeting.

It was reported that Brother Sealy handed in his application for a Certificate of Fellowship with the reservation that he believed the March 1955 "Code" the way T. O. Hermanson explained it to him. It was the consensus of opinion that he cannot receive a Certificate of Fellowship with such reservations and will have to appear before the Council to clear himself.

Mr. Tom Joseph seems very anxious to buy the  $17\frac{1}{2}$  acres and will pay \$1300 per acre at 29% cash down. The city has male a new ruling on the Dam #1 to Dam #4 gully. It may be necessary for the developer to construct a storm sewer with a concrete apron on either side.

It was decided to try the other prospects to see what they will offer for the land. Mr. Chastain reported to the Office that Mr. Johnson wants to see how the street, Chastain Circle. will look and to see "how many lots he will have to lose." It was suggested that some one go out and stake out this street and show it to Mr. Johnson.
